

What year are Chinese animals in ?

Our inquiry process

- We did a KWL chart to find out what we already knew and what we wanted to know. This helped us to come up with a question.
- To help us research about our question we wrote down the key words.
- We used these key words to help us search on the iPads and in books.

Our inquiry process

- Our buddies came and helped us read the information. We had to skim and scan the information, and find facts that would help us to answer our question.
- The buddies helped us to put the information into our own words.
- We then made a plan for our keynote to help us organise our facts and what we wanted the layout to look like.
- We can now fill out the L part of our KWL chart with what we learnt.

Chinese calendar

This is a picture of the Chinese New Year calendar . We were born in 2007 this makes us the year of the pig. There are 12 different animals and each one means something different.
