

What are the differences between Chinese New Year and our new year?

Our inquiry process

- We did a KWL chart to find out what we already knew and what we wanted to know. This helped us to come up with a question.
- To help us research about our question we wrote down the key words.
- We used these key words to help us search on the iPads and in books.

Our inquiry process

- Our buddies came and helped us read the information. We had to skim and scan the information, and find facts that would help us to answer our question.
- The buddies helped us to put the information into our own words.
- We then made a plan for our keynote to help us organise our facts and what we wanted the layout to look like.
- We can now fill out the L part of our KWL chart with what we learnt.

Chinese New Year When

Is usually somewhere between
21st January and 20th of
February each year.
